Use

Annual Budget: \$982,590

From the President/CEO Nancy Wesson-Dodd

January 2016 YWCA Corpus Christi celebrated 70 years! "YWCA Goes Platinum!" We can only accomplish this with you. And the you is plural. The many individuals and groups in South Texas who participate in and support YWCA Corpus Christi are the "wind beneath our wings." That's how YWCA accomplishes so much for so many people, and has done it for 70 years and counting.

What does that really look like? Well, here are some examples of what this means in reality:

- The YWCA Racial Justice Forum consisted of a diverse panel of community faith leaders, not one (1) but five (5) from different faiths;
- YWFitness Connection attracts people who want to improve their strength, balance, vitality, flexibility and such, but they stay involved at YWCA because of the connections they make with others who share their "can do" attitudes and interest in some fun;
- The YWCA Corporate Challenge brought businesses and their employees together for exercise, teambuilding, fun and some competition—good for individuals and good for the businesses;
- Equal Pay Day panelists brought varied experiences and expertise to young working women with tips on determining equitable pay for a job AND on negotiating for it;
- YWTeens consistently say they're learning to value themselves and education, make better decisions, make friends and be a friend;
- Mix It Up Lunches bring together folks who are different, giving them opportunities to share their differences and find commonalities, thus decreasing prejudice and discrimination;
- Social media avenues are broadening our connections with all generations—young and old.

These are just a few glimpses of what YWCA is accomplishing as a result of community investment. We are **STRONG ALONE, FEARLESS TOGETHER!** Please share your story. your history with YWCA at #OnAMission.

eliminating racism
